Don't be fooled by her adorable name, Cotton Tail is a real firecracker. Moonshine is her sister, and they're both a couple of crazy party girls from south Florida. They're the newest members of our Gatorland family and have only been with us for a month. Cotton Tail has beautiful pink eyes and she'll lull you into thinking she's all cute and cuddly. But try to give her a hug and you're liable to get a whole lot more than you bargained for.

Did You Know:

Gatorland is the only place in the world where you can see giant leucistic and albino alligators in the same place. So if you want to see white gators in Orlando or anywhere in Central Florida, the only place to go is Gatorland.
